• 3 floor home - 3784 sq feet for upto 16 families
• Semi-private accommodation with Room Kits
• Kitchen kit for Personal Cooking and weekly provisions
• School Kit and a School Room
• Multi functional areas for recreation, forums, reintegration

3 Leading Cancer Treating Centers in Bangalore are-
• Mazumdar Shaw Medical Center (Bommasandra - Narayana Health).
• Kidwai Memorial Institute of Oncology.
• St. John's National Academy of Health Sciences.

As the noted cancer treating centers more than 50% families come from outside of Bangalore city. These families need to stay near the hospital for the long and continuous childhood cancer treatment. Most families are economically disadvantaged. For most, the cost of treatment limits their access to accommodation, food and other essential requirements during the treatment and in worst cases they stay on dharmshalas and hospital compound even in footpaths.
CanKids KidsCan is the National Society for Change for Childhood Cancer in India. It works pan India partnering with 70 Centers treating children with cancer across the country to provide best standards of treatment, care and support. It has 8 Change for Childhood Cancer in India State Projects, 5 HAHs, 1 Canshala, 1 Pediatric Palliative Care Center. It has supported over 38000 children and their families to date for treatment, education, supportive care and social and psychological support.

Cankids is committed to providing holistic accommodation and transport to and from hospitals for non-affording families that come from outside the city for treatment.

**Currently Cankids runs 6 HAH centers in India -**
